

PLANNING REF : 243099
PROPERTY ADDRESS : Greensward Lane
: Arborfield Village
: RG29JN
SUBMITTED BY : Mr D L
DATE SUBMITTED : 18/12/2024

COMMENTS:

This land was not adopted as a suitable site under the local plan update.

Proposed development is Outside of settlement boundaries

Will increase traffic locally and subsequently

Pollution, noise, air and light. Affecting the village and all its inhabitants wildlife included.

There are dozens of brownfield sites more suited to larger developments of housing in the borough and can easily meet the future needs of the housing demand and directives for the borough without destruction of natural green spaces

Isn't the purpose of the local plan update to STOP this crazy speculative destruction of green spaces? We will await the planning teams decision to see if the local plan update really does serve the local residents !
