

FULL PLANNING APPROVAL **DRAFT DECISION NOTICE**

WOKINGHAM
BOROUGH COUNCIL

Expiry Date: 21 April 2025

Application Number: 242043

Location: 100 Finchampstead Road, Wokingham, Wokingham, RG40 2NT

Proposal: Full application for the demolition of the existing four bedroom detached house and construction of 2 no. new four bedroom detached houses and 1 no. new three bedroom detached house with associated parking, cycle storage, bin stores and new access.

Recommendation: Approve

Conditions and/or Reasons

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. This permission is in respect of the submitted application plans and drawings numbered 1011-120, 1011-117, 1011-116, 1011-115, 1011-114, 1011-113, 1011-112, 1011-121 and 1011-111 REVB received by the local planning authority on 08/08/2024, 20/08/2024 and 27/01/2025. The development shall be carried out in accordance with the approved details unless otherwise agreed in writing by the local planning authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. Drainage Details - No development shall take place until full details of the drainage system for the site have been submitted to and approved in writing by the LPA. The details shall include:

1. Calculations indicating the existing runoff rate from the site.
2. BRE 365 test results demonstrating that infiltration is achievable.
3. Full calculations demonstrating the performance of soakaways. Private: Information that contains a small amount of sensitive data which is essential to communicate with an individual but doesn't require to be sent via secure methods.
4. Groundwater monitoring confirming seasonal high groundwater levels in the area.

5. A drainage strategy plan indicating the location and sizing of SuDS features, with the base of any SuDS features located at least 1m above the seasonal high water table level.

6. Details demonstrating how any SuDS for this development would be managed throughout the lifespan of the development and who will be responsible for maintenance.

The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reason: This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF (2023) Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.

4. External materials - Before the development hereby permitted is commenced, samples and details of the materials to be used in the construction of the external surfaces of the building/s shall have first been submitted to and approved in writing by the local planning authority. Development shall not be carried out other than in accordance with the so-approved details.

Reason: To ensure that the external appearance of the building is satisfactory. Relevant policy: Core Strategy policies CP1 and CP3

5. Details of boundary walls and fences - Before the development hereby permitted is commenced details of all boundary treatment(s) shall first be submitted to and approved in writing by the local planning authority. The approved scheme shall be implemented prior to the first occupation of the development or phased as agreed in writing by the local planning authority. The scheme shall be maintained in the approved form for so long as the development remains on the site.

Reason: In the interests of amenity and highway safety. Relevant policy: Core Strategy policies CP1, CP3 and CP6.

6. Construction Method Statement (Management Plan) - No development shall take place, including any works of demolition, until a Construction Method Statement/plan has been submitted to, and approved in writing by, the local planning authority. The approved statement/plan shall be adhered to throughout the construction period. The Statement shall provide for:

- the parking of vehicles of site operatives and visitors.
- loading and unloading of plant and materials (including times, these should be in line with permitted hours of work).
- storage of plant and materials used in constructing of the development.
- the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, (where appropriate).
- wheel washing facilities and an area cleaning regime.
- measures to control the emission of noise, dust, and dirt during construction,
- method of recycling/disposing of waste resulting from demolition and construction works.
- Details of pest control measures if required.

- asbestos survey results and if present a safe removal and disposal plan to be submitted.

Reason: In the interests of highway safety & convenience and neighbour amenities.

Relevant policy: Core Strategy policies CP3 & CP6.

7. Tree protection - Protection of trees a) No development or other operations shall take place except in complete accordance with the Arboriculture Report [Duckworth Arboriculture LTD Ref: AIA/AMS 06427/2024R1 Dated: October 2024] and Tree Protection Plan (hereinafter referred to as the Approved Scheme).

b) No operations shall commence on site in connection with development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and or widening or any other operation involving use of motorised vehicles or construction machinery) until the tree protection works required by the Approved Scheme are in place on site.

c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within an area designated as being fenced off or otherwise protected in the Approved Scheme.

d) The fencing or other works which are part of the Approved Scheme shall not be moved or removed, temporarily or otherwise, until all works including external works have been completed and all equipment, machinery and surplus materials removed from the site, unless the prior approval in writing of the local planning authority has first been sought and obtained.

Reason: To secure the protection throughout the time that the development is being carried out of trees shrubs or hedges growing within or adjacent to the site which are of amenity value to the area, and to allow for verification by the local planning authority that the necessary measures are in place before development and other works commence Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

8. Landscaping - Prior to the commencement of the development there shall be submitted to and approved in writing by the local planning authority a scheme of landscaping, which shall specify species, planting sizes, spacing and numbers of trees/shrubs to be planted, and any existing trees or shrubs to be retained.

Planting shall be carried out in accordance with the approved details in the first planting and seeding seasons following the occupation of the building(s).

Any trees or plants which, within a period of 5 years from the date of the planting (or within a period of 5 years of the occupation of the buildings in the case of retained trees and shrubs) die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species or otherwise as approved in writing by the local planning authority.

Reason: To ensure adequate planting in the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21 (and TB06 for garden development).

9. Cycle parking to be provided - No building shall be occupied until secure and covered parking for cycles has been provided in accordance with the approved drawing(s)/details. The cycle parking/ storage shall be permanently so-retained for the parking of bicycles and used for no other purpose.

Reason: In order to ensure that secure weather-proof bicycle parking facilities are provided so as to encourage the use of sustainable modes of travel. Relevant policy: NPPF Section 9 (Sustainable Transport) and Core Strategy policies CP1, CP3 & CP6 and Managing Development Delivery Local Plan policy CC07.

10. Retention of trees and shrubs - No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the written approval of the local planning authority. If within a period of five years from the date of the planting of any tree that tree, or any tree planted in replacement for it, is removed, uprooted or destroyed or dies, another tree of the same species and size as that originally planted shall be planted at the same place, unless the local planning authority gives its written consent to any variation.

Reason: To secure the protection throughout the time that development is being carried out, of trees, shrubs and hedges growing within the site which are of amenity value to the area. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

11. Hours of work - No work relating to the development hereby approved, including works of demolition or preparation prior to building operations, shall take place other than between the hours of 08:00 and 18:00 Monday to Friday and 08:00 to 13:00 Saturdays and at no time on Sundays or Bank or National Holidays.

Reason: To protect the occupiers of neighbouring properties from noise and disturbance outside the permitted hours during the construction period. Relevant policy: Core Strategy policies CP1 and CP3 and Managing Development Delivery Local Plan policy CC06.

12. Unexpected Land Contamination - If land contamination is found at any time during site clearance, groundwork, and construction the discovery shall be reported as soon as possible to the local planning authority. A full contamination risk assessment shall be carried out and if found to be necessary, a 'remediation method statement' shall be submitted to the local planning authority.

A detailed remediation scheme (where required) to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment should be prepared and would be subject to the approval in writing of the Local Planning Authority. The scheme should include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme should ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

Reason: To ensure that any contamination of the site is identified at the outset to allow remediation to protect existing/proposed occupants of property on the site and/or adjacent land. Relevant policy: NPPF Section 15 (Conserving and Enhancing the Natural Environment) and Core Strategy policies CP1 & CP3.

13. Parking to be provided - No part of any building(s) hereby permitted shall be occupied or used until the vehicle parking space has been provided in accordance with the approved plans. The vehicle parking space shall be permanently maintained and remain available for the parking of vehicles at all times.

Reason: To ensure adequate on-site parking provision in the interests of highway safety, convenience and amenity. Relevant policy: Core Strategy policies CP3 & CP6 and Managing Development Delivery Local Plan policy CC07.

14. Obscure glazing - Those windows shown on the approved drawings as having obscured glazing in part or full shall be so-fitted and shall be permanently so-retained.

Reason: To safeguard the residential amenities of neighbouring properties. Relevant policy: Core Strategy policy CP3.

15. Obscure glazing and fixed closed - The four velux roof windows in the south side elevation of the bungalow property (Plot 3), as hereby permitted, shall be fitted with obscured glass and shall be permanently retained as such. These windows shall be non-opening unless the parts of the window which can be opened are more than 1.7 metres above the finished floor level of the room in which the window is installed and shall be permanently so-retained.

Reason: To safeguard the residential amenities of neighbouring properties. Relevant policy: Core Strategy policy CP3.

16. Unexpected Land Contamination - If land contamination is found at any time during site clearance, groundwork, and construction the discovery shall be reported as soon as possible to the local planning authority. A full contamination risk assessment shall be carried out and if found to be necessary, a 'remediation method statement' shall be submitted to the local planning authority for written approval.

Reason: To ensure that any contamination of the site is identified at the outset to allow remediation to protect existing/proposed occupants of property on the site and/or adjacent land. Relevant policy: NPPF Section 15 (Conserving and Enhancing the Natural Environment) and Core Strategy policies CP1 & CP3

Informatives

1. The applicant is reminded that this approval is granted subject to conditions which must be complied with prior to the development starting on site. Commencement of the development without complying with the pre-commencement requirements may be outside the terms of this permission and liable to enforcement action. The information required should be formally submitted to the Council for consideration with the relevant fee. Once the details have been approved in writing the development should be carried out only in accordance with those details. If this is not clear please contact the case officer to discuss.

2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF.

3. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning

application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

4. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.
