COMMENTS:

I have reviewed the application and would like to object to this application:-

1. Not in keeping with the area - the homes on Nine Mile Ride have one/two storey permanent dwellings with mature gardens, a static caravan on hard standing would not be in character and add value to the area.
2. WBC local development plan clearly identifies locations for static caravan style housing. This location is not one of those locations.
3. Nature conservation and tree preservation has not been considered - the developers have already destroyed well established mature trees without permission both within the plot and outside the boundaries. I hope that the council think carefully about this application and reject based on the many negative comments.
