This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Details of the pre-application advice received

The alterations to the height and pitch of the roof are considered to be modest and is unlikely to have any discernible impact on the character of the area. The updated rear roof dormer would be set sufficiently down from the main ridge, eaves and sides of the dwellings roof. Whilst flat roofed extensions are not normally encouraged, the raised ridge height would obscure the dormer when viewed from the front elevation. Moreover, the host property fronts onto Hyde End Road where several properties benefit from similar flat roof dormer extensions. The proposed rear dormer extension would appear subordinate addition and would maintain the host property architectural integrity. As such, the proposals are unlikely to adversely impact the character of the area.

The views offered from the proposed 3.no roof lights are unlikely to raise any overlooking or loss of privacy concerns. In terms of overbearing and loss of light impacts, the proposals are suitably located and of modest proportions not to pose any unreasonable concerns to any neighbouring properties.

It is therefore advised that further surveys are carried out in accordance with section 8 of the preliminary roost assessment. These surveys should be completed prior to the submission of any new householder application. The agent should be aware that the preliminary roost assessment is valid for up to 12 months and that the optimal season to conduct this bat surveys are from May to August.

In summary, the scheme is considered to accord with national and local policy and therefore is likely to acceptable.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
