

250059 Former Travis Perkins Site CONSULTATION RESPONSE from Berkshire Archaeology

250059 Former Travis Perkins Site Woodley Green Woodley Wokingham

RE submission of details to comply with the following conditions of planning consent 242049 dated 15/11/2024. condition 8 Archaeology.

Dear case officer

I have reviewed the desk-based assessment submitted with the application and agree with its conclusions, that archaeological mitigation should be undertaken by way of an evaluation.

I therefore agree that the **desk-based assessment can be accepted**, however as the work required will now need a WSI, investigation, and these works reported on, this **condition cannot be discharged yet**.

The applicant should be made aware that further work will be required

Kind regards

Linden
