COMMENTS:

I strongly oppose this planning application. Another commercial property on this residential road has limited access times that cause significant disruption. The application exceeds the agreed terms for this established business.

This busy, residential road is unsafe and scary for pedestrians and cyclists. After a very long campaign, speed restrictions have been agreed, but not implemented. Increased heavy goods vehicles and frequent turning will worsen the road's safety for all road users. Having another commercial yard utilised by large trucks, on a residential street will add to sound, air and light pollution, to the detriment of the local residents and wildlife.
