COMMENTS:

I am writing to formally object to the proposed planning application reference 242421. The development would significantly impact the local green space, which is essential for the community's well-being and biodiversity. Losing this valuable area would diminish the environmental quality and recreational space that residents rely on. Additionally, the proposed development would exacerbate traffic congestion in the area, which is already a concern for residents. Increased traffic could lead to safety risks, particularly for pedestrians and cyclists, and contribute to pollution. I urge you to reconsider this application in light of these concerns.
