Dear Mr Clarke

TREE PRESERVATION ORDER NUMBER: 1696/2019

APPLICATION NUMBER: 251645

LOCATION: LAND AT, AND ADJACENT TO, CHURCH MEWS, WOODLEY, WOKINGHAM, RG5 4RJ

I am writing to you regarding your application to carry out works to protected tree(s), which was received on 11 July 2025 and validated on the 28 July 2025.

I can confirm Wokingham Borough Council **consents with conditions**, to the following work being carried out to tree(s) included in the above-mentioned Tree Preservation Orders (TPO):

Approved works to A1 and A2 of TPO 1696/2019:

T1, Evergreen Oak - Remove major deadwood.
T2, Common Oak - Remove major deadwood.
T4, Cherry - Crown lift to 5m over road.
T6, Cherry - Crown lift by removing 5 no. lowest branches.
T11, Ash - Reduce height and side growth of smaller stem by approx. 1.5m.
T17, Ash - Remove major deadwood; crown lift to 5m over road.
T18, Ash - Remove major deadwood; crown lift to 5m over road.
T19, Oak - Remove major deadwood in part of crown overhanging site.
T20, Cherry - Cut back to give 1.2m clearance from lamppost.
G21, Hazel - General maintenance of hedge.
T25, Bay Tree - General maintenance.

Reasons stated for works:

Removal of dead wood will remove risk of deadwood failure in a sensitive area.

Raising crown height will limit damage from and to high sided vehicles

Raising crown height will limit damage from and to high sided vehicles and help to formatively prune tree for the future.

Reduction of side branches away from buildings, will save the buildings from future damage by branches rubbing, while helping to formatively prune tree.

Reduction of smaller stem will reduce its dominance allowing larger stem to grow more rapidly. Hopefully this will make smaller stems complete removal in the future have less impact. Cutting tree away from light will save damage to light and tree while improving lighting in area. Cutting tree away from building will reduce the risk of damage.

The consent is granted subject to the following conditions:

1. The above works must be completed before **22 September 2027** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 'Tree work - Recommendations'.
3. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled

Reasons for conditions 1-3...

1. To ensure that our records remain accurate.
2. To ensure the health, safety and visual amenity of the tree(s).
3. Spikes can cause extensive long-term damage to trees.

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Because of coronavirus (COVID-19), you currently can only make a planning appeal online. You cannot currently apply by post.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk
Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the **Tree Preservation Order only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via email to: development.control@wokingham.gov.uk

Yours sincerely,

Chris Hannington
Trees and Landscape Team Manager

cc. Applicant - Laura Tucker, Alba Management Services, 39 Savill Way, Marlow, SL7 1UB

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
www.forestry.gov.uk
