Appraisal:

Development
Proposed single storey rear extension to dwelling to form a conservatory.

The site is a detached bungalow, located within the identified settlement of Finchampstead. The site being enclosed by a 1.6m fence.

The proposed development would be located at the rear of the property within an alcove created by the one storey ground floor extension. It would be 5m in length, brick base to match existing brickwork and facing No11 Chivers Drive. The width would be 2.6m facing the property, Yarra. It would be 2.3m to the eaves, and 3.3m to the ridge of the pitched roof.

1. Impact upon neighbouring properties
   The proposed development would be set away from all boundaries, located 3.8m from neighbouring property Yanga. Due to this positioning, the dividing fence and the 10cm lower land level of Holcan house plot, it is considered that there would be no adverse impacts in terms of overlooking, overshadowing and being overbearing. No letters of representation have been received from neighbouring properties.
   In addition, no impact is considered for No11 Chivers Drive as the fencing and No11's detached garage obscure the vision.

2. Impact upon the character of the area
   The proposed conservatory would be at the rear of the dwelling, and so not be visible from the front scene. Materials proposed are to match those existing. It is therefore considered that there would be no adverse effects upon the streetscene.
