LB	Litter Bin	VP	Vent
LP	Lamp Post	WL	Water level
BT	Manhole Telecom	WMF	Wire Mesh Fence
MB	Multi-hole tree	WO	Washout
MC	Manhole Cable	WPR	Wooden Post & Rail

NOTES

Drainage and service covers that were buried, obscured or not visible at the time of the survey cannot be shown. Sewer connections between manholes are assumed to be straight and only pipes visible from above ground are shown. All critical dimensions and connections should be checked and verified prior to starting work.

Tree canopy measured values are written as maximum spreads. Tree species/condition to be verified by arboriculturist. Offsite Tree positions/sizes are approximate.

Surveyed physical features may not necessarily represent the legal boundary and should be checked with support of the Land Registry Title.
