NOTIFICATION OF APPROVAL OF RESERVED MATTERS

Application Number: 250399
Applicant Name: Miller Homes
Site Address: Parcel R10, Land at phase 2b of the South Wokingham SDL
Proposal: Application for the approval of reserved matters pursuant to condition 1 of outline planning permission ref. 191068 for the erection of 215 dwellings with layout, scale, appearance, and landscaping to be considered.

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby approves the reserved matters for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Conditions and Reasons:

Hybrid Application Compliance

1. Nothing herein contained shall be deemed to affect or vary the conditions imposed by planning permission 191068 (dated 19th July 2024), which conditions shall remain in full force and effect save in so far as they are expressly affected or varied by this permission.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

Timescale

2. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

Approved details

3. This permission is in respect of plan no's listed below. The development hereby permitted shall be carried out in accordance with the approved drawings and documents listed unless otherwise agreed pursuant to the requirements of the attached conditions or otherwise agreed in writing by the Local Planning Authority.

Site Waste Management Plan	18324 dated 3 rd February 2025
Affordable Housing Scheme	Phase 2b, Parcel R10, South Wokingham Strategic Development Location Affordable Housing Scheme dated June 2025

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

- No development hereby permitted shall take place except in accordance with the terms and conditions of the Council's Organisational Licence (WML-OR137, or a 'Further Licence') and with the proposals detailed on plan "Parcel R10 Land at Phase 2b: Impact plan for great crested newt District Licensing (Version 1)", dated 21st May 2025.

Reason: In order to ensure that adverse impacts on great crested newts are adequately mitigated and to ensure that site works are delivered in full compliance with the Organisational Licence (WMLOR137, or a 'Further Licence'), section 15 of the National Planning Policy Framework, Circular 06/2005 and the Natural Environment and Rural Communities Act 2006.

5. No development hereby permitted shall take place unless and until a certificate from the Delivery Partner (as set out in the District Licence WML-OR137, or a 'Further Licence'), confirming that all necessary measures regarding great crested newt compensation have been appropriately dealt with, has been submitted to and approved by the planning authority and the authority has provided authorisation for the development to proceed under the district newt licence.

The delivery partner certificate must be submitted to this planning authority for approval prior to the commencement of the development hereby approved.

Reason: In order to adequately compensate for negative impacts to great crested newts, and in line with section 15 of the National Planning Policy Framework, Circular 06/2005 and the Natural Environment and Rural Communities Act 2006.

6. No development hereby permitted shall take place except in accordance with Part 1 of the Great Crested Newt Mitigation Principles, as set out in the District Licence (WML-OR137, or a 'Further Licence') and in addition in compliance with the following:
 - Works to existing ponds onsite may only be undertaken during autumn/winter, unless otherwise in accordance with the Great Crested Newt Mitigation Principles.
 - Works which will affect likely newt hibernacula may only be undertaken during the active period for amphibians.

Reason: In order to ensure that adverse impacts on great crested newts are adequately mitigated and to ensure that site works are delivered in full compliance with the Organisational Licence (WMLOR137, or a 'Further Licence'), section 15 of the National Planning Policy Framework, Circular 06/2005 and the Natural Environment and Rural Communities Act 2006.

7. Prior to first occupation of the development, details of the measures to secure bicycles within the proposed cycle storage sheds shall be submitted to and approved in writing by the Local Planning Authority. The details shall include the type and specification of cycle stands or fixings, their location within the sheds, and how they will provide secure and accessible storage for future occupants. The approved cycle security measures shall be implemented in full prior to first occupation and shall be retained thereafter

Reason: To ensure the provision of safe, secure, and accessible cycle storage in accordance with the sustainable transport objectives of the NPPF and Wokingham Borough Core Strategy Policies CP1, CP6 & CP21; and Managing Development Delivery Local Plan policy CC07 Parking & Appendix 2; and the South Wokingham SDL SPD.

8. Prior to the first occupation of any dwelling served by a balcony, details of the design, materials, and finish of the balcony enclosures shall be submitted to and approved in writing

by the Local Planning Authority. The enclosures shall be implemented in accordance with the approved details prior to the first occupation of the relevant dwelling(s) and shall be retained and maintained thereafter for the lifetime of the development.

Reason: To ensure a high standard of design and appearance in the interests of visual amenity, and to secure appropriate materials and detailing in accordance with Policy CP3 of the Wokingham Borough Core Strategy and the National Planning Policy Framework (NPPF).

9. Prior to the first occupation of any dwelling hereby permitted (excluding flats), a minimum of one water butt with a minimum capacity of 100 litres shall be installed and connected to the roof drainage system of each residential unit.

Reason: To support sustainable water management and reduce surface water runoff in accordance with Policies CC03 and CC10 of the Wokingham Borough Council Local Plan and the Borough Design Guide SPD.

10. The development shall be carried out in accordance with the noise mitigation measures as set out in Appendix E of the submitted Noise Assessment produced by phlorum (report ref: 13253(NV) V2 dated 14.02.2025

Reason: To protect the amenities of future occupants from adverse noise impacts, in accordance with Policy CP1 and CP3 of the Wokingham Borough Core Strategy and the National Planning Policy Framework (NPPF).

11. The development shall be carried out in accordance with the energy use and carbon reduction measures as set out in the submitted Energy Statement produced by Energy and Design entitled "Development at Parcel R10, Phase 2b of South Wokingham" dated 07/02/2025.

Reason: In the interests of promoting sustainable forms of development in accordance with NPPF, Wokingham Borough Core Strategy Policy CP1; Managing Development Delivery Local Plan Policies CC04 & CC05; the Sustainable Design and Construction Supplementary Planning Document (2010) and the South Wokingham Strategic Development Location Supplementary Planning Document (2011).

Informatives

Reason for approval

1. The development accords with the policies contained within the adopted / development plan and there are no material considerations that warrant a different decision being taken.

Relevant policies

2. You are advised, in compliance with The Town and Country Planning [Development Management Procedure] [England] Order 2010 that the following policies and/or proposals in the development plan are relevant to this decision:

National Planning Policy Framework

National Design Guide

National Planning Practice Guidance

Core Strategy (CS)

- CP1 - Sustainable Development
- CP2 - Inclusive Communities
- CP3 - General Principles for Development
- CP4 - Infrastructure Requirements
- CP5 - Housing Mix, Density and Affordability
- CP6 - Managing Travel Demand
- CP7 - Biodiversity
- CP8 - Thames Basin Heaths Special Protection Area
- CP9 - Scale and Location of Development Proposals
- CP10 - Improvements to the Strategic Transport Network.
- CP17 - Housing Delivery

MDD Local Plan (MDD Managing Development Delivery Local Plan)

- CC01 - Presumption in Favour of Sustainable Development
- CC02 - Development Limits
- CC03 - Green Infrastructure, Trees and Landscaping
- CC04 - Sustainable Design and Construction
- CC05 - Renewable Energy and Decentralised Energy Networks
- CC06 - Noise
- CC07 - Parking
- CC08 - Safeguarding alignments of the Strategic Transport Network & Road Infrastructure
- CC09 - Development and Flood Risk
- CC10 - Sustainable Drainage
- TB05 - Housing Mix
- TB07 - Internal Space Standards
- TB08 - Open Space, Sport and Recreational Facilities Standards
- TB12 - Employment Skills Plan
- TB21 - Landscape Character
- TB23 - Biodiversity and Development
- TB24 - Designated Heritage Assets
- TB25 - Archaeology

3. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and representations. This planning application has been the subject of positive and proactive discussions with the applicant in terms of: pre-application discussions; submission of additional information and revised plans to address issues raised by consultees and in representations; and extending the period for determination to allow issues to be addressed. The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.
4. The development hereby permitted is liable to pay the Community Infrastructure Levy. The Liability Notice issued by Wokingham Borough Council will state the current chargeable amount. A revised Liability Notice will be issued if this amount changes. Anyone can formally assume liability to pay, but if no one does so then liability will rest with the landowner. There are certain legal requirements that must be complied with. For instance, whoever will pay the levy must submit an Assumption of Liability form and a Commencement Notice to Wokingham Borough Council prior to commencement of development, failure to do this will result in penalty surcharges being added. For more information see - [Community Infrastructure Levy advice - Wokingham Borough Council](#). Please submit all CIL forms and enquiries to developer.contributions@wokingham.gov.uk.
5. The applicant is reminded that this approval is granted subject to conditions which must be complied with prior to the development starting on site. Commencement of the development without complying with the pre-commencement requirements may be outside the terms of this permission and liable to enforcement action. The information required should be formally submitted to the Council for consideration with the relevant fee. Once the details have been approved in writing the development should be carried out only in accordance with those details. If this is not clear please contact the case officer to discuss.
6. The applicant is advised that, in accordance with the requirements of the hybrid permission, details have been submitted with this reserved matters application pursuant to the following conditions: 6, 7, 12, 20, 24(i) & (ii), 30, 33, 34(ii), 40, 45, 53, 55, 58, 62, 65, and 66. Where appropriate, these details have either been approved and referenced under Condition 3 of this reserved matters approval, or a condition has been imposed requiring the development to be carried out in accordance with the submitted information. Where further updates

to the submitted details are required, this is identified in the accompanying report.

7. The applicant is advised that in accordance with the hybrid S106 obligations as set out under Schedule 1, Part 1, and Schedule 11, an Affordable Housing Scheme and an Employment Skills Strategy and Employment Skills Plan have been submitted alongside this reserved matters application.
8. The applicant is advised that the proposed Air Source Heat Pumps (ASHPs), identified as part of the submitted energy strategy to reduce carbon dioxide emissions, must be installed and operated in full accordance with the requirements of Condition 40 of the hybrid permission.

NatureSpace Informatives

9. It is recommended that the NatureSpace Best Practice Principles are considered and implemented where possible and appropriate.
10. It is recommended that the NatureSpace certificate is submitted to this planning authority at least 6 months prior to the intended commencement of any works on site.
11. It is essential to note that any works or activities whatsoever undertaken on site (including ground investigations, site preparatory works or ground clearance) prior to receipt of the written authorisation from the planning authority which permits the development to proceed under the District Licence (WML-OR137, or a 'Further Licence') are not licensed under the great crested newt District Licence. Any such works or activities have no legal protection under the great crested newt District Licence and if offences against great crested newts are thereby committed then criminal investigation and prosecution by the police may follow.
12. It is essential to note that any ground investigations, site preparatory works and ground / vegetation clearance works / activities (where not constituting development under the Town and Country Planning Act 1990) in a red zone site authorised under the District Licence but which fail to respect controls equivalent to those detailed in the planning condition above which refers to the NatureSpace great crested newt mitigation principles would give rise to separate criminal liability under the District Licence, requiring authorised developers to comply with the District Licence and (in certain cases) with the GCN Mitigation Principles (for which Natural England is the enforcing authority); and may also give rise to criminal liability under the Wildlife & Countryside Act 1981 (as amended) and/or the Conservation of Habitats and Species Regulations 2017 (as amended) (for which the Police would be the enforcing authority).

Access and Security

13. The applicant is advised that an access and security strategy should be provided for the apartments detailing:

- Access Control: Access control measures for residents and visitors. Unrestricted access to apartment blocks must not be possible, and residential access should be controlled by a two-way audio visual system with remote access controls. No trade buttons should be present.
- Postage and Deliveries: Postal services must not have unrestricted access to private communal areas, and mail delivery should be provided within a secure lobby at the entrance to the building, or via secure "Through the wall" letterboxes, or external letter boxes
- Compartmentation: Proposals for compartmentation of the buildings so that residents only have access to parts of the building that they need to, as offenders have the potential to be both external and internal to the development. Secure lobbies should also be extended to each floor to enable effective compartmentation

Rear Access Footpaths

14. Where rear access footpaths are necessary to provide access to the rear gardens of properties, the routes should be gated to the front of the building line, and secured with a robust key operated lock, operable from both sides.

General

15. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

16. Highway Management

Any works/events carried out either by, or at the behest of, the developer, whether they are located on, or affecting a prospectively maintainable highway, as defined under Section 87 of the New Roads and Street Works Act 1991, or on or affecting the public highway, shall be coordinated under the requirements of the New Roads and Street Works Act 1991 and the Traffic management Act 2004 and licensed accordingly in order to secure the expeditious movement of traffic by minimising disruption to users of the highway network in Wokingham.

17. Utilities

Any such works or events commissioned by the developer and particularly those involving the connection of any utility to the site, shall be co-ordinated by them in liaison with Wokingham Borough Council's Street Works Team, (telephone 01189 746302). This must take place at least three months in advance of the works and particularly to ensure that statutory undertaker connections/supplies to the site are coordinated to take place wherever possible at the same time.

18. Noise

The attention of the applicant is drawn to the requirements of Section 60 of the Control of Pollution Act 1974 in respect of the minimisation of noise on construction and demolition sites. Application, under Section 61 of the Act, for

prior consent to the works, can be made to the Environmental Health and Licensing Manager.

Signed

MHead

Marcia Head

Head of Development Management - Place & Growth

Date: 23rd June 2025

PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE BELOW

WOKINGHAM BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACTS TOWN AND COUNTRY PLANNING (ENGLAND) 1990

- **Other statutory legislation:** This decision notice relates to the above stated acts and regulations only and does not constitute approval under any other legislation.
- **The Town & Country Planning (Development Management Procedure) Order:** This decision has been made in accordance with the requirements of the National Planning Policy Framework (NPPF) and in the requirement to work with the applicant in a positive and proactive manner.
- **Officer Report:** An officer report explaining the decision will be available to view online.
- **Purchase notices:** If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council which will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.
- **Appeals to the Secretary of State:** If your application has been **refused** by the Borough Council or **granted subject to conditions** that you are not happy with, you have the right to appeal to the Planning Inspectorate (under Section 78 of the Town and Country Planning Act 1990). This must be within the timeframes set out below. Please note an extension of time for lodging an appeal is unlikely to be granted except in special circumstances.

12 weeks from the decision date above in the case of a refusal of a 'householder' application:
Being the refusal of an application for planning permission to alter or extend a house, or for works within the curtilage of a house; or,
Being the refusal to approve details submitted as required by a condition imposed on a permission granted for a householder application

12 weeks from the decision date above in the case of a refusal of a 'minor commercial' application:

Being the refusal of an application for development of an existing building or part of a building currently in use for purposes in Use Classes A1, A2, A3, A4 and A5 where the proposal does not include a change of use, a change to the number of units, development that is not wholly at ground floor level and/or does not increase the gross internal area of the building.

6 months from the decision date above in the case of all other appeals made under s78(1) or s20 of the above Acts relating to a decision on a planning application or listed building/conservation area consent application.

6 months from the decision date above in the case of any appeal made under s78 (2) of the Act in respect of a failure to give a decision within the statutory period.

The Planning Inspectorate is an Executive Agency reporting to the Secretary of State for Communities and Local Government. The Inspectorate has an online appeals service: <https://www.gov.uk/government/organisations/planning-inspectorate> which contains information and guides on the appeal process. Alternatively you can obtain a form from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, 0303 444 5000 or online at <https://acp.planninginspectorate.gov.uk/>. Please note all documents will be published online by the Planning Inspectorate and therefore you should not include personal information you do not wish to be displayed in this way. This includes personal information of third parties.

- **Discharge of Conditions:** This consent may contain conditions that require further approval by submission of an application for approval of details reserved by condition and the appropriate fee. Application forms can be obtained for this purpose by visiting the Planning Portal at: http://www.planningportal.gov.uk/uploads/appPDF/X0360Form027_england_en.pdf.
- **Street Naming and Numbering for new dwellings:** If this notice relates to approval of new dwellings, please ensure that you contact the Council at least 16 weeks before the commencement on site to arrange for an address and post code to be allocated. Details can be obtained from streetnamingandnumbering@wokingham.gov.uk. Failure to contact the street naming and numbering department at least 16 weeks before commencement on site will result in the addressing and post code for the development being delayed.
- **Access to privately owned land:** The applicant is reminded that this permission does not give right of entry to land not in the ownership of the applicant. Permission must be sought from any other landowner(s) if access is required.
- **Building Regulations:** Building regulations approval may be required for the proposed development; please see the Council's website regarding this <http://www.wokingham.gov.uk/building-control/>.

- **Fire Regulations:** In accordance with the Berkshire Act 1986, when Building Regulation applications are submitted for building(s) or extensions, the Local Authority will reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show the following:
 - i) That there will be adequate means of access for the fire brigade to the building(s) or the extended building(s); and,
 - ii) That the building(s) or extension(s) will not render inadequate any existing means of access for the fire brigade to a neighbouring building.
