COMMENTS:

Object to build the road access of Shepherd Road from phase 1 to the new development of phase 2 of Long Acre. It will overload the capacity of traffic in such small and narrow road. It will hazard the safety of residents who live near the shepherd Road. It will increase a lot of noise from the increasing traffic. Phase 1 residents need to pay SANG charges annually. It is unfair and illegal for applying this SANG Charges. We object or this new development if the SANG applies to us.
