COMMENTS:

I would like to raise strong objections to the fact that Bellway has colluded with University of Reading by doing fraudulent practice and passed on their SANG charge to owners of new builds in a hideous fashion.

Another extremely strong objection and if allowed will lead to protests by local residents would be on a through road ie. Extension of shepherd road to arborfield road. This was never told to us when they sold the property and allowing this road will completely change the outlook of all the homes and will lead to increased pollution and noise levels, with zero measures to reduce noise and pollution it will directly impact the lives of 100s of people. This being done solely for passing on the profits to council and Bellway, which is grossly wrong and smells of crony capitalism
