Dear to whom this may concern,

Landscaping Details for Mobile Catering Unit at The Dukes Head Car Park.

I am writing to submit the landscaping details in relation to the mobile catering unit currently located at The Dukes Head Car Park in response to specific planning reference number PP-13745912, from Wokingham Council. As part of our commitment to ensuring the site maintains a visually pleasant and environmentally responsible appearance, we have outlined our proposed landscaping plan below.

1. Introduction

The mobile catering unit has been placed in the designated car park area for permanent use. To mitigate any impact on the aesthetic value of the surrounding area, and to ensure compliance with local planning policies, we are proposing a series of landscaping measures to enhance the site's appearance.

2. Landscaping Measures

- **Planting Scheme:**
A selection of hardy, low-maintenance shrubs and plants will be introduced around the base of the catering unit to soften the visual impact. These will include [insert plant varieties, e.g., boxwood, lavender, or ornamental grasses], chosen for their suitability to the local climate and low upkeep requirements.
- **Planters & Greenery:**
To further enhance the site, we will provide several large planters with seasonal flowers or other greenery near the unit, ensuring that the area remains vibrant throughout the year. Planters will be strategically placed to reduce visual clutter and create a more welcoming space for visitors.

3. Maintenance Plan

A regular maintenance schedule will be implemented to ensure that the landscaping is kept in good condition. This includes bi-weekly checks on plant health, pruning, weed removal, and

seasonal adjustments to the planting scheme as necessary. Should any issues arise with plant health or site aesthetics, we will take swift action to address these concerns.

4. Conclusion

We believe that these landscaping measures will improve the appearance of the site and integrate the mobile catering unit more harmoniously into its surroundings. We are fully committed to complying with any additional recommendations or requirements from the council and are happy to provide any further information or clarification as needed.

We look forward to your feedback and would appreciate any guidance or approval regarding this landscaping plan.

Thank you for your attention to this matter.

Yours faithfully,

Richard
