COMMENTS:

I am writing to formally object to the proposed Islamic Centre application due to significant concerns regarding parking and its proximity to the existing Sikh Gurdwara. The development is likely to exacerbate parking issues in an already constrained area, leading to increased congestion, safety hazards, and inconvenience for local residents and visitors to both religious site and to the retail outlets nearby. Additionally, the close proximity to the Gurdwara raises potential conflicts in terms of space, noise, and accessibility, which could disrupt the peaceful operation of both community facilities. I urge the planning committee to carefully consider these impacts and explore alternative locations or mitigation measures before proceeding.
