

242665 NE Response

Dear Sir or Madam,

Our ref: **505503**

Your ref: **242665**

Thank you for your consultation.

Natural England has previously commented on this proposal and made comments to the authority in our response dated **15 November 2024**, reference number **493183** (attached).

The advice provided in our previous response applies equally to this **consultation**. The proposed amendments to the original application are unlikely to have significantly different impacts on the natural environment than the original proposal.

Should the proposal be amended in a way which significantly affects its impact on the natural environment then, in accordance with Section 4 of the Natural Environment and Rural Communities Act 2006, Natural England should be consulted again. Before sending us the amended consultation, please assess whether the changes proposed will materially affect any of the advice we have previously offered. If they are unlikely to do so, please do not re-consult us.

Yours faithfully

Danny Whitehead

Dear Sir/Madam,

Planning consultation: Application for approval of Reserved Matters pursuant to Outline Planning Consent 201002 (approved under appeal ref. APP/X0360/W/22/3304042 dated 31/01/2023) for the erection of 49 no. affordable dwellings with associated drainage and attenuation, open space and landscaping. Details of appearance, landscaping, layout and scale to be considered, plus details for discharge of conditions 11, 12, 13, 15 and 16 from the Outline permission.

Location: Land west of Kingfisher Grove, Three Mile Cross

Thank you for your consultation on the above dated 25 October 2024 which was received by Natural England on 25 October 2024

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

SUMMARY OF NATURAL ENGLAND'S ADVICE

NO OBJECTION

Based on the plans submitted, Natural England considers that the proposed development will not have significant adverse impacts on statutorily protected nature conservation sites or landscapes.

Natural England's generic advice on other natural environment issues is set out at Annex A.

Priority Habitats and Species

Priority habitats and Species are of particular importance for nature conservation and are included in the England Biodiversity List published under section 41 of the Natural Environment and Rural Communities Act 2006. Most priority habitats will be mapped either as Sites of Special Scientific Interest, on the Magic website or as Local Wildlife Sites. A list of priority habitats and species can be found on [Gov.uk](https://www.gov.uk).

Natural England does not routinely hold species data, such data should be collected when impacts on priority habitats or species are considered likely. Consideration should also be given to the potential environmental value of brownfield sites, often found in urban areas and former industrial land, further information including links to the open mosaic habitats inventory can be found [here](#).

Sites of Special Scientific Interest Impact Risk Zones

The Town and Country Planning (Development Management Procedure) (England) Order 2015 requires local planning authorities to consult Natural England on "Development in or likely to affect a

Site of Special Scientific Interest" (Schedule 4, w). Our SSSI Impact Risk Zones are a GIS dataset designed to be used during the planning application validation process to help local planning authorities decide when to consult Natural England on developments likely to affect a SSSI. The dataset and user guidance can be accessed from the data.gov.uk website

Further general advice on the consideration of protected species and other natural environment issues is provided at Annex A.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries regarding this letter, for new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours faithfully,

Richard Gibson
