COMMENTS:

Arborfield & Newland Parish Council object to this planning application on the grounds that:

- the replacement fencing is not in keeping with the appearance of the area
- revising a boundary to extend beyond the property boundary line is not permissible
- the revised boundary line encroaches on land owned by numbers 71, 73 and 75 Poperinghe Way (according to Land Registry)
- the erection of a fence along the revised boundary removes a safe area for pedestrians to pass along the roadside creating a potential hazard.

The Parish Council would like to see the property boundary returned to its original appearance and location including reinstatement of the hedge.
