COMMENTS:

Wokingham is rapidly becoming over-populated, the impact on the town from the number of houses being built, the lack of secondary schools, lack of public services and sheer volume of people and traffic is cause for concern. Expanding and building even more homes will further impact the quality of life in this amazing town. There is no need for such expansion when we see vast numbers of properties being built all across Wokingham, Crowthorne and the surrounding areas. This expansion is not necessary
