Comments On Proposal

The Council's Tree and Landscape Officer has no objection to the proposed erection of a height restriction barrier and associated works including installation of bollards and alteration of vehicular access arrangements at Riseley Recreation Ground.

The Site does not contain any protected trees that would be impacted by this proposal. However, the Officer observed an unprotected mature Oak tree between the existing entrance and exit to the car park at Riseley Recreation Ground. Should it be required during construction due to its proximity to the height restriction barrier, the Officer has no objection to the pruning of the lateral branches of this existing tree.

Photos below of entrance where height restriction barrier is proposed with lateral branches of existing Oak tree.
