Planning Issues :

1) Impact upon neighbouring Properties

2) Impact upon Street Scene

Application Number: F/2000/3177

Appraisal:

The proposed development is for a single storey rear extension to form a conservatory. It would be 3m wide, 3m deep and have a gently sloping flat roof, 2.1m to the eves and 2.6m to the ridge.

This is a mid terrace property, with a small patio area and a sloping rear garden, which increases in height by roughly 1.5-2m up to the rear boundary with Rushey Way. A 1.8m fence encloses the rear garden.

1. Impact upon neighbouring properties

Although this is a terrace property and the proposed conservatory is to be only 100mm from the boundary with No.18 solid panels are proposed to this elevation and the height of the proposal is only 2.6m at its highest point, as such it is considered there would not be a significant detrimental impact upon the neighbouring property (no objection letters have been received).

2. Impact upon the character of the street scene

The conservatory would not be visible from Carshalton Way, but could be viewed from Rushey Way, which is to the rear of the property, however the garden slopes down away from the highway, which means the conservatory would be largely obscured by the rear fencing. The materials used would be in-keeping with existing and it is therefore considered that there would be no adverse effects upon the character of the street scene.
