Comments On Proposal

The numbers of habitable rooms will remain unchanged as six in the proposal. As the existing garage of dimensions 5.2m x 2.5m does not fully meet the council's requirement for car parking, there will be no loss of parking space. Two driveway parking spaces are proposed within the red line.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed driveway parking can be provided by utilising the dropped crossing, which is acceptable.

The garage has been removed from the proposal. Alternative cycle storage provision shall be identified when discharging the condition.

Conditions & Reasons (if required)

1. CF9 - CYCLE PARKING (TO BE APPROVED)
