COMMENTS:

Hi There ,

I am writing to support the planning application for an Islamic community centre and mosque in Wokingham.

As a resident of Wokingham for almost 7 years , I have seen the Muslim population grow, now making the need for a local community mosque more important in order to also reduce carbon footprint which will be

achieved by not travelling far distances by car .

This centre will provide a vital hub

for social, cultural, and educational activities, fostering unity and inclusivity.

Concerns about parking and traffic can be addressed through collaboration between project leaders and the council.

This centre will also boost the local economy by creating jobs and attracting visitors, enhancing

Wokingham's reputation for valuing diversity.

I urge the council to approve this application for the positive impact it will have on the wider community.
