COMMENTS:

Dear Sir/Madam,

I object to this, the area already experiences significant traffic congestion, particularly during peak hours. The addition of a high-traffic establishment could:

Increase road congestion and parking overflow into residential streets.

Create safety concerns for pedestrians and school zones nearby.

Require additional infrastructure changes, adding costs to taxpayers.

Has a traffic impact study been conducted, and if so, will the findings be made available for public review?

The carpark near Halfords is already rammed and I am also concerned about the local businesses being impacted.

Regards,
Andrea
