COMMENTS:

I strongly object to this planning application for the following reasons:

The loss of privacy from my garden being overlooked by the windows of the two bedrooms on the rear elevation of the proposed additional storey (facing the parking court).

Creating an additional storey does not fit with the character of the surrounding area, as the majority of the buildings in the immediate vicinity are single storey bungalows, and this property is situated in a highly visible position on the corner at the entrance to Sellafield Way.

Increasing the number of bedrooms may result in a higher number of vehicles at the property, which would put additional strain on the already limited parking available on the surrounding roads. This could result in vehicles parking within very close distance to the junction of Sellafield Way, putting both pedestrians and other road users at risk, especially as there is a high volume of traffic in and out of this road (both pedestrian and vehicular) from local residents who live on Sellafield Way and the adjoining roads.
