

H16: Library Parade, Crockhamwell Road, Woodley RG5 3LX

Planning Condition 08 : External Lighting
Application Number: 241468

October 2024

General lighting to external areas:
Black metal wall-mounted lighting fixed to brick walls. Up-down lighting to illuminate the area and provide an atmospheric glow against the brickwork.

Low-level planter lighting:
LED post lighting in planters to provide light to parking areas and planting areas simultaneously.

Lighting within external enclosures:
Motion activated external spotlighting within ground-floor refuse and cycle stores.

Lighting activation:

Time activated lights: ground-floor external areas within parking lot, planters and walkways

Motion activated lights: ground-floor refuse cycle store, and external walkways on levels 1-3

Switch activated: residential terrace areas on levels 1-3

General note: lighting within enclosures and along walkways will meet required lighting levels
