Comments On Proposal

The total numbers of habitable rooms will remain unchanged from the proposal. Two driveway parking spaces are proposed within the red line.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed driveway will have ample spaces for more than two parking spaces within the red line by utilising the existing dropped crossing, which is acceptable.

No negative impact on abilities for cycle storage is expected, which is acceptable.
