Community Involvement

This application relates to a small-scale domestic development (internal alterations and a loft conversion with associated roof works).

No formal pre-application public consultation has been undertaken, as this is not a statutory requirement for householder applications.

The Local Planning Authority will carry out the standard notification process to adjoining neighbours, providing them with the opportunity to comment on the application.

The applicant is mindful of their neighbours and the local community, and will remain open to reasonable communication during the course of the application and any subsequent construction works.
