COMMENTS:

We object to the change of use to the house next door. We believe it will bring an unacceptable increase in traffic and on- street parking will become a real issue. We also believe the changes already being made to the property will result in a loss of privacy with people able to see into our upstairs bathrooms and bedrooms. And we have not heard a word from the company that is turning this into a children's home.

If I can be of any more assistance please contact me on the supplied e mail address.

Yours,

Neil Chandler
