COMMENTS:

The infrastructure in Shinfield is not sufficient for the current number of people. There are not enough medical services, educational services, food services and social activities for young people. This has resulted in a rise in crime, which includes robbery in local shops, burglaries, damage to homes and cars, drug and organised crime, and antisocial behaviour. It also takes over 45 minutes to get out of Shinfield in the morning due to the number of vehicle and narrow roads which impacts the quality of life people have. By increasing the number of families in this area you will see a rapid decline in the stability of this area and like further increases in anti-social behaviours and serious crimes. This is an extremely poor and ill-conceived suggestion.`
