COMMENTS:

I object to this application for the following reasons:

- the storage of hazardous waste so close to a nature reserve and waterways creates a huge risk of contamination
- The noise and pollution from so many large vehicles coming in and out of the area 7 days a week would be detrimental to the residents of the villages of Charvil and Twyford
- It would be dangerous for so many vehicles to be constantly turning in and out of that entrance where there is a blind bend and a fairly narrow road.
