

PLANNING REF : 251055
PROPERTY ADDRESS : 24 Kestrel Way
: Wokingham
: RG41 3HA
SUBMITTED BY : Mrs Imalka Slaughter
DATE SUBMITTED : 28/05/2025

COMMENTS:

The raised ceiling will cause major issues as we have limited sunlight to our property as it stands. We will have to live with no sunlight to our living room and bedrooms if this planning application is approved and building work is completed. We have disable family members with their health conditions this will have on them.

Direct impact this is detriment to our own health and wellbeing. Equally I worry about the general impact this has on our neighbours and community as they too will end up with lack of sunlight and privacy. Whilst I have sympathy for the family concern, this application will have huge negative consequences to everyone else around them which is unjust and unfair.
