PROPERTY ADDRESS : Meteor Close
:
: RG5 4NG
SUBMITTED BY : Mrs C Roberts
DATE SUBMITTED : 11/10/2024

COMMENTS:

The proposed application and maps indicate that the exit point off this proposed development is into Viscount Way. This will create more HGV traffic creating more noise pollution. It is already bad enough hearing your home shake with vibrations of the HGV's entering /Exiting Viscount Way roundabout at all times of the day & night. The application doesn't state either what times this proposed development will be operating to & from?..
