Dear WBC Drainage,

Discharge of condition Consultation

Application Number: 252016

Applicant: Mr Grant Jensen

Site Address: Oak Dale, Lower Wokingham Road, Crowthorne, Wokingham, RG45 6BX

Parish: Finchampstead

Grid Reference: Easting - 481801, Northing - 164399

Type of Development:

Proposal: Application for submission of details to comply with the following conditions of planning consent 223256 (APP/X0360/W/23/3336000) dated 26/09/2024. Condition 4 relates to a drainage scheme and condition 5 to submission of an updated Arboricultural Method Statement and Scheme of Works.

Case Officer: Connie Davis

Development Management has received the above application, and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 252016. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be requested from the case officer.

Your observations are required in respect of this application by **13 September 2025**.

Yours sincerely,
Development Management & Compliance

- ☐ Objection due to the reason(s) **stated below**

Comments On Proposal

Discharge of Condition

I refer to the above planning application, which LLFA conditioned due to insufficient detail provided in Surface water Drainage strategy.

Following further correspondence with the applicant and their subsequent submission of surface water drainage details along with drawing no. CDA -2638 which shows location of (SuDS) it is now confirmed that the revised proposal meets the requirements of application for which LLFA is statutory consultee. All SuDS features to be maintained according to the manufacturer's recommendations. It is responsibility of the applicant to inform LLFA if there is any change in surface water design at construction stage.

It is recommended that condition no. 4 related to surface water drainage may now be discharged.
