COMMENTS:

I would like to raise an objection regarding the establishment of a mosque within the business park. The site is specifically designed to function as a secure business environment, and introducing social or religious gatherings could impact other businesses and compromise the overall security of the area.

Additionally, increased on-site traffic could disrupt daily operations, including deliveries and workflow. Given that there are already several mosques in Reading, including a large one on Oxford Road, another mosque in this location may contribute to congestion especially on Fridays, as seen in other areas where mosques are situated.

I appreciate your consideration of these concerns.
