

6.0 DESIGN PROPOSAL

6.9 REFUSE STORE

The refuse store is located on the northern edge of the site, with access from Kendrick Road.

The Waste Services Support Officer confirmed that the 1100L bins can be used on the site. Furthermore, the provision of the refuse store capacity, for the existing apartments, was confirmed by the Waste Services Team.

Existing refuse store provisions:

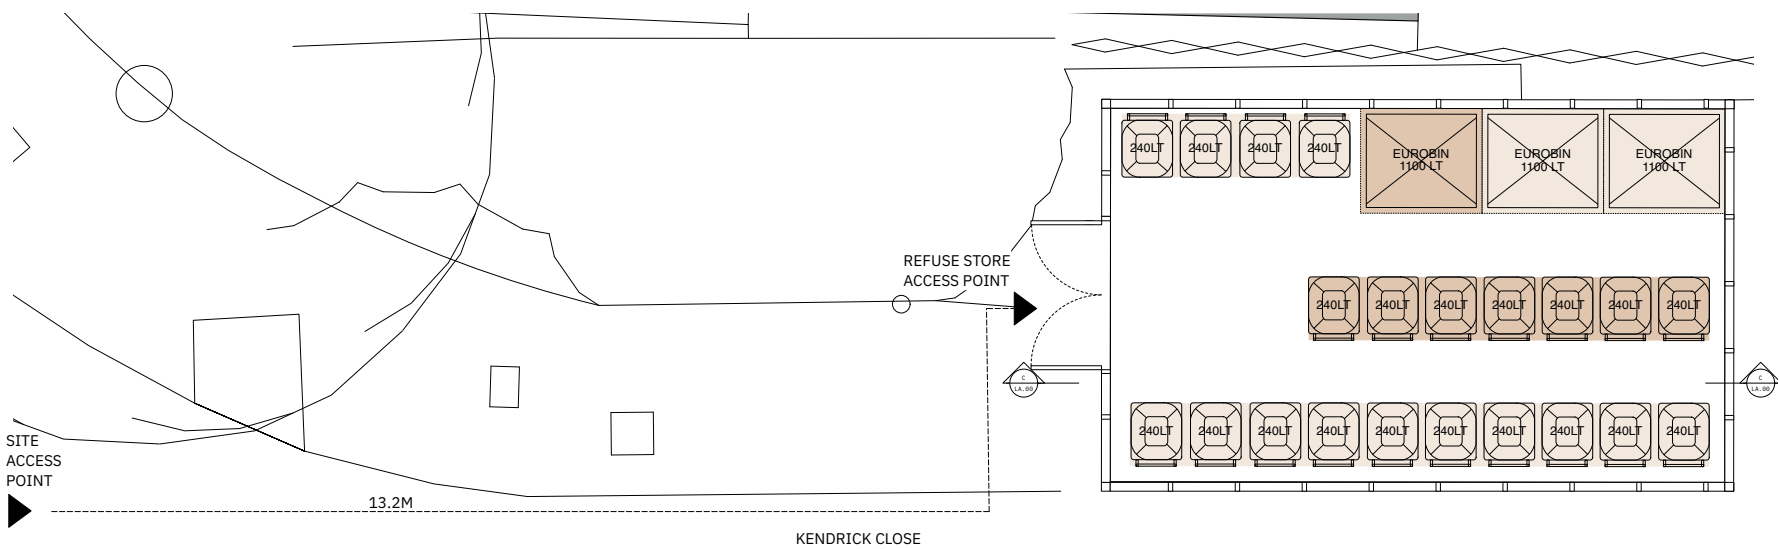

General Waste: 2 x 1100L General waste bins

Recycling: 14 x 240L Blue Recycle wheelie bins

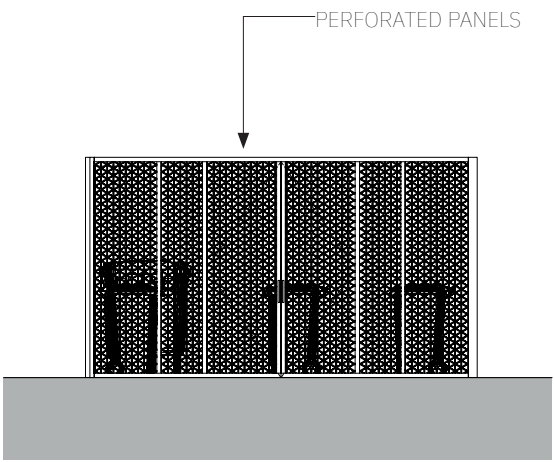

The bins for the proposed apartments will be positioned in the existing refuse store. Following the Waste Management Facilities in New Developments Guidance, the following refuse store provisions will be provided:

General Waste: 1 x 1100L General waste bins

Recycling: 7 x 240L Blue Recycle wheelie bins
