Comments On Proposal

The applicant proposes to increase the numbers of habitable rooms from 4 to 5. As the existing garage does not fully meet the council's requirement for car parking, there will be no loss of parking space. Two existing driveway parking are retained within the red line.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The retainment of two driveway parking of dimensions 4.8m x 2.4m is acceptable for this instance.

The proposed direct access to the rear garden is suitable for cycle storage, which is acceptable.
