

Dear planning officer,

I am writing regarding **Planning Application 252962 (84 Ravensbourne Drive Woodley Wokingham RG5 4LJ)**, for which, I believe the consultation period ends on 16 February 2026.

As the ward councillor, I am requesting that this application be listed for consideration by the Planning Committee. The principal concern relates to the potential invasion of privacy and overlooking impacts on neighbouring properties, which I believe constitute significant material planning considerations warranting committee scrutiny.

Before formally progressing this request, I would welcome the opportunity to discuss the application with you to understand your professional assessment of the privacy implications and any mitigation proposed. If possible, I would appreciate arranging a brief discussion at your earliest convenience.

However, should a discussion not be possible prior to the officer decision deadline, please treat this email as my formal request to list Planning Application 252962 for determination by the Planning Committee.

I look forward to your response.

Kind regards

Cllr. Shahid Younis

Borough Councillor for Bulmershe & Coronation Ward

Shadow Member for Corporate Insight & Poverty Alleviation
