COMMENTS:

I would like to object to this planning application as I feel it will infringe on the privacy of the local residents with an additional house on this site. In addition, the house will have safety access issues when coming to and from the Barkham Ride, currently there is only appropriate three cars using the access rights onto Barkham Ride, but this could double with the approval of the application. It could also have an impact on the wildlife in the area, i,e, bats living in the oak trees and the additional property could have a negative affect on these animals .
