COMMENTS:

Hi. I am writing to request that we have a new Church in this new development. I am currently involved in Shinfield Community Church and have seen over the past 10 years as the village has grown the huge impact the church has on the community. We have run toddler groups, a foodshare for people who are struggling financially, a youth group, a coffee morning for older folk. We go into local care homes and schools to support them. The Church does all this for free. Simply because it wants to love the Community it is in. Thats what the Bible calls us to do and is an integral part of our faith. To love and serve our Community. Churches across the UK have a hugely positive impact on many communities and I would expect a new Church in LG village to do the same. So with this in mind I am very keen to see a new Church building in this village. Because I truly believe it will be a richer, more caring, loving and vibrant community with a Church in it. Many thanks for considering my comments. Sallyann
