PROPERTY ADDRESS : Primrose Cottage
: 6 Cricket Hill, Finchamstead, Berkshire
: RG403TN
SUBMITTED BY : Mrs Jane Westwood
DATE SUBMITTED : 24/08/2026

COMMENTS:

Dear Sir / Madam,

Adding to my previous objection I wish to add that regardless of any amendments I cannot agree to any form of adaptation to a two storey building.

The height of any two storey building regardless of alterations to windows would have a complete overbearing impact on my property.

The proposed site is a matter of a few feet from my property and will encase me.

There is no question that the owners and their solicitors were fully aware of the restrictions within the covenant.

Not only will the proposal be overbearing it will impact on the natural light which comes into 90% of my rooms.

The impact of this loss of light will have a negative impact on wellbeing and mental health.

Cricket Hill is a sweet countryside road and this proposal is on every level unacceptable to myself, my adjoining neighbour and indeed at least two properties it will back onto in Woodmoor.

I urge the council to reject any form of development other than what The Covenant states acceptable, that being a bungalow.

Please could you

1) advise where I should send a copy of The Covenant for you to see. 2) where I can send photographic evidence of my property and layout for you to see the impact this and indeed any two storey building

would have on me.

3) urgent request for a site inspector to visit my property as a full and clear evaluation of what I am having difficulty explaining due to the unusual layout of my cottage.

Yours faithfully
Jane Westwood
