Footpath Inset 1

Completion

HARD LANDSCAPE NOTES
All detailed hard surface information is to be built up to required depths set out by the project engineer and reviewed to ensure sufficient construction requirements are achieved. For specific build up and kerb requirements to specified products please see supplier technical information and relevant BS requirements. All Kerbs and Edging to be used when necessary where there is a change in surface. Any additional safety attenuation fencing should be confirmed by the drainage and CDM coordinator to ensure sufficient safety measures are in place and included within the drainage design information.
