WOKINGHAM TOWN COUNCIL – NO COMMENTS

Planning Issues: The issues raised by this application are impact to neighbour amenity and street scene.

The following policies apply: Berkshire Structure Plan policy EN1: Policy SBE2 of the South East Area Local Plan and, Wokingham District Local Plan Deposit Draft 1997 policy WBE1.

Application Number: F/2000/3040

Appraisal:

The application property is set within an attractive residential enclave which is characterised by large houses of mixed design set within in a landscaped setting.

The application property is neo-georgian, symmetrical in its design and with a Roof which is pitched on all sides but flat topped.

The application proposes doing away with the flat top, continuing the rake of the roof at the existing pitch to achieve a fully pitched roof.

The application property does not lie within a conservation area, it is not listed. The application property is set in relatively large and spacious grounds with considerable separation between this property and its neighbours.

That proposed would not impact on neighbour amenity. The proposed alterations are minor, non-controversial and not considered to result in harm to the street scene, and no interest of historical or architectural merit would be compromised.

The alterations may or may not facilitate usage of the roof space as habitable accommodation. If that were the case then it would be beyond the scope of planning control. There are therefore no highways issues.
