COMMENTS:

I strongly object to this planning application as it goes against so many things in the Finchampstead Neighbourhood Development Plan which was only voted in about a year ago after many years work.

The site would not be in keeping with the rural area it is in. It is in the green area between Finchampstead North and St. James church and would infringe on the separation of these areas.

The construction of another access point so close to Warren Lane and on a bend would be dangerous.

This site is also right next to the grounds of Warren Lodge care home and would disturb the peace and quiet the residents need.
