Create 'Monolith' for wildlife habitat at approximately 4m

Reasons for the proposed works are listed and numbered below

1. The highlighted trees pose a significant risk of failure and therefore the proposed works will help to prevent future damage or injury.
2. The area has plenty of tree cover and therefore any loss of visual amenity will be minimal.
3. The target area should the tree or a portion of it fail is significant.

Summary

The proposed works will make significant difference to Clients use and enjoyment of their garden and will help to prevent future conflicts between the trees and road users.

The reasons 1.-3. are all credible reasons, to justify the works and far out way the any loss of any visual amenity.
