Comments On Proposal

The proposal will not increase the number of habitable rooms as six. As the existing garage does not fully meet the council's requirement for car parking, there will be no loss of garage parking space. Two driveway parking are proposed within the red line.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed provisions can meet the council's parking requirement, which is acceptable.

The proposed storage will remain suitable for cycle parking, which is acceptable.
