Dear WBC Drainage,

Householder Consultation

Application Number: 242685

Applicant: Mrs Liz Grierson

Site Address: 42 Wellesley Drive, Crowthorne, Wokingham, RG45 6AL

Parish: Finchampstead

Grid Reference: Easting - 482004, Northing - 164177

Type of Development: Other Householder

Proposal: Householder application for the proposed erection of two single storey front extensions, changes to fenestration and installation of roof lights and solar panels.

Case Officer: Victoria Morgan

Development Management has received the above application and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 242685. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be found on the Z Drive at: [Z:\Standard Planning Conditions](#).

Your observations are required in respect of this application within **10 working days** of the above date or **15 working days** if the development type is classed as a major development.

Yours sincerely,
Development Management & Compliance

Type of Development:	Other Householder		
Site Visit Made:	No		

Summary Of Recommendations

- ☐ No comment
- ☐ No objection
- ☒ No objection subject to conditions (and reasons) **stated below**
- ☐ Request further information before determination as **stated below**
- ☐ Objection due to the reason(s) **stated below**

Comments On Proposal

LLFA received this Householder application for the proposed erection of two single storey front extensions, changes to fenestration and installation of roof lights and solar panels. The development is in Flood zone 1 and high risk from surface water flooding according to the EA mapping. There will be increase in impermeable area and we would have no objection to the principle of the development but as Drainage details have not been provided and the existing drainage details has not been mentioned, we would recommend the condition below.

Conditions & Reasons (if required)

No construction shall take place until details of the drainage system for the site have been submitted to and approved in writing by the LLFA. The details shall include how the site currently drains and will be drained after proposed development with consideration to SuDS. The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reasons

This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.
