Subject: 353 Nine Mile Ride, Finchampstead RG40 3NH

Dear Mr Jobson,

I undertook a BS 5837:2012 survey at the above-mentioned address in March 2025. This related to a proposed extension to the western elevation.

The main area to be protected, is the group of Scots Pine in the front garden. If the existing property were to be demolished and a new dwelling (albeit on the same/similar footprint) were built, I do not foresee any additional pressure being put on the trees at the front. The CEZ shown in my TPP (dated March 2025) would effectively remain unaltered.

Therefore, I am confident that my original report would be relevant to a new build at [No.353 Nine Mile Ride](#).

Kind regards

Dominic Blake PDArb (RFS) MArborA
