

Planning Drawings

PROPOSED FRONT ELEVATION

| Hip to Gable Rear Dormer                                                                               |  |
|--------------------------------------------------------------------------------------------------------|--|
| Volume Calculations                                                                                    |  |
| Hip to Gable                                                                                           |  |
| $V_{HGD} = \frac{1}{2} \times A \times h$                                                              |  |
| $V_{HGD} = \frac{1}{2} \times (4.5 \times 2.5) \times 1.25$                                            |  |
| $V_{HGD} = 3.594$                                                                                      |  |
| $V_{HGD} = 3.594$                                                                                      |  |
| $V_{HGD} = 3.594$                                                                                      |  |
| Existing Roof for Extension = 8.71m <sup>3</sup>                                                       |  |
| Rear Dormer                                                                                            |  |
| $V_{RD} = \frac{1}{2} \times L \times W \times H$                                                      |  |
| $V_{RD} = \frac{1}{2} \times 4.5 \times 2.5 \times 1.25$                                               |  |
| $V_{RD} = 3.594$                                                                                       |  |
| $V_{RD} = 3.594$                                                                                       |  |
| $V_{RD} = 3.594$                                                                                       |  |
| TOTAL VOLUME = 12.88 + 3.59 = 16.47m <sup>3</sup> = 46m <sup>3</sup> /10m <sup>3</sup> = PD Checked OK |  |

CHIMNEY HEIGHT SHOWN IS APPROXIMATE AND WILL BE CHECKED ON SITE.

PROPOSED REAR ELEVATION

PROPOSED SIDE ELEVATION (FACING SOUTH WEST)

PROPOSED SIDE ELEVATION (FACING NORTH EAST)

SCALE BAR - 1:100

NOTES:

SkyLofts will do everything possible to convert your loft space as per the measurements shown, however, measurements are subject to change on site due to external factors. All measurements shown are approximate and are NOT guaranteed.

Scale from this drawing and use figure dimensions.

Existing foundations, lintels and walls to be exposed if required by Building Control for assessment and upgrading if found to be inadequate.
