

The tree is currently causing a potential hazard with the nearby powerlines, which can be seen from the image 0297 from the planning application. Tree co-ordinates are 51.40153832373044, -0.8466134950513199. The tree is overweight and needs to be have the crown reduced by 2.5m. This also stops any damage to the property, with the foundations now at risk.
