COMMENTS:

I wish to object to this planning application. I would like to see the preservation of countryside so that I can continue to experience fresh air and wildlife. I would like to see arable land protected so that future generations will be able to grow food. Getting a school place is already really difficult for students in Hurst and this will add to that problem which is also worse as most schools cannot be reached by adequate public transport and it is not safe to walk or cycle to Wokingham where most schools are so this increases car use.
